### Experience Level.

With a mix of riding surfaces, this tour is most suited to an intermediate rider. Our tour also provides for some gravel and farm track riding, with the possibility of low water crossings. While on the highway must be confident with group riding and meeting speed limits. New Zealand roads offer a lot of challenging riding with switchback cornering, hills, and endless curves.

Providing a guide on motorcycle and a second guide following up in our 4wd support van helps keep our tours running smoothly and offers support for back country terrain.

Our support vehicle not only allows you to ride freer without getting bogged down with luggage on your bike, it has the extra benefit to help with any mechanical or medical issues that may arise.

While providing room to cart your luggage, we provide storage at our Home Depot for those non-essential items not required on tour.

### Our Motorcycles

**Suzuki DR650.** Tried and tested throughout New Zealand's highways and back country terrains, An agile fun bike, and a great workhorse.

Light and easy to manoeuvre when carving up our scenic tarmac highways, and sure footed and stable navigating gravel, farm track and water crossings. The Suzuki DR650 with our extensive upgrades offer a great experience for both on road, and off-road riding.

All our DR650, s come with a range of upgrades as standard to offer even better comfort and handling. Aftermarket comfort seat, larger 20 ltr fuel tanks, dual purpose tyres, bash plate, rear rack and top plate, small front screen, and USB ports for Gps and phone charging.

### Suzuki V-Strom DL1000

For those experienced riders wanting to take part with a pillion passenger, we offer our Suzuki V-Strom adventure motorcycles. Fitted with a range of extras for comfort and handling, these 1000cc motorcycles offer very good handling and stability, while offering plenty of power for the 2up rider. Raised seat height, and lowered seat height options available.

(Note. As this tour offers some shingle and farm track riding, Client must be able to demonstrate competence in off road riding with a pillion passenger.)

### Suzuki V-Strom 250

A new addition to our fleet, while offering all the advantages of an adventure bike for touring tarmac and shingle and farm track riding, all wrapped up in a lighter smaller frame with a lower seat height. The perfect choice for the smaller rider.

### Why Choose Rideabikenz

Rideabikenz is a family-operated business, fuelled by a deep-seated passion for motorcycles and adventure. We take immense pride in showcasing the beauty of New Zealand through our meticulously curated tours.

**About me**, as a native Kiwi, ive spent considerable time exploring New Zealand's back country, camping, tramping. My love for motorbikes led me to road touring and club racing. It was only a matter of time before I transitioned to adventure motorbikes, allowing me to blend my passion for cruising along our free-flowing highways with the thrill of navigating back country gravel roads and farm tracks for more camping, tramping, and fishing adventures.

**Our Tour.** Our tour offers and exhilarating ride of approximately 2500 kilometres around the South Island of New Zealand. You'll experience a diverse range of tarmac riding, including a dash of back country adventure. The tour includes visits to popular tourist destinations, including Queenstown, a boat ride through Milford Sounds, as well as a unique overnight farm visit complete with a bonfire and Barbeque. Experience New Zealand like never before with Rideabikenz.
